It is easy and pleasant to take.

When only three weeks old our baby suffered greatly from indigestion, and we were advised by our family physician to use Dr. Caldwell's Syrup Pepsin, which we did, and we heartily recommend it as a good medicine. We feel very grateful to you. MRS. GEO. HUNT,

n person whom I know explains his pretty constant use of Ripan Tabules in this way. "When your hands are soiled," said he, "you apply water to them. If you are fatigued or travel-stained, a bath is efficient and pleasant in its restorative and freshening effect. Yet your hands will get dirty again; and on occasion you will once more be soiled by perspiration, and require water and soap. - Now Ripans Tabules are to the inner man about what soap and water are to the outward. They refresh and sweeten, and will do so again and again, as often as occasion requires, which will be every now and then with all people who are hurried about meals, or who fail to masticate their food properly or are compelled to subsist on food that is improperly cooked or prepared. The people of this sort include about sevenslabelle of every civilized community?

#### The Pratt Lumber Co. (Established in 1876.)

It's an Absolutely Sure Thing That this Lumber stock presents qualities and opportunities for satisfaction on the least money expenditure that can't be rivalled. You may duplicate it in an item here and there, but for fullness and variety you'll seek long before you find another approaching its completeness in all lines, grades and dimensions. Look it over for the money that's In it.
